CHILD ENRICHMENT
Our child care programs for children six weeks to 3 years are designed to allow children to explore and create independently. Through observation, teachers design creative activities that teach skills needed to move your child to the next developmental stage.
Hannah Wayda, Child Enrichment Director

HARBOR MONTESSORI
We believe that a child from three to six years of age is an avid learner and we strive to foster creativity, curiosity and exploration within a traditional Montessori setting. The classroom is student-led while teachers take on a passive role, observing and providing guidance and lessons as opportunity arises.
Hannah Wayda, Child Enrichment Director

Emily Mirabile, Y-Arts Director, moorefromemily@gmail.com
As lifelong residents of the Boothbay region, we never once thought of living anywhere else. This area holds a special place in our hearts; and we wanted our children Ella, an eighth grader at Boothbay Region Middle School, and Kayla, a fourth grader at Southport Central School, to have some of the same experiences we had as children growing up in this great community.

After a challenging 2020, now it’s time for everyone to come Back Together! We cannot think of a better theme for this year’s Annual Fund drive to celebrate our successes and find the silver linings to what has been an unprecedented time in our lives. The YMCA needs our support as it moves forward with planned improvements to facilities and programs, projects derailed by COVID-19.

As a new member of the BRYMCA Board, I am learning the importance of the Annual Fund drive and how it supports the short- and long-term goals of our Y. Without the generosity and dedication of our community, we would not be so fortunate to have had the great YMCA experiences we all have had for so long.

As we come Back Together, please consider joining us in donating to this year’s Annual Fund. Together as a community we can help our Y continue to do great things.

Thank you! –The Watts Family
